### PROFILE

I'm Chigurla Narayana, a web developer with experience in creating dynamic, user-friendly websites. I have honed my skills in HTML, CSS, JavaScript, and React JS, allowing me to create dynamic and responsive web applications. My expertise with Bootstrap ensures that my designs are not only visually appealing but also mobile-friendly. Additionally, I have hands-on experience with Canva, which enable me to efficiently manage content and design elements. My technical skills, combined with my passion for creating user-centered websites, make me a great fit for Your Company. I am eager to contribute to your team and help bring innovative web solutions to life.

### WORK EXPERIENCE

#### Web Designer

LMN Soft Solutions

2023-2024

- Developed responsive web applications using HTML, CSS, JavaScript, Bootstrap and React.js
- Collaborated with team members to troubleshoot and debug code, ensuring functionality and user experience met project requirements.
- Implemented best practices in coding and version control systems to maintain high-quality standards throughout the development lifecycle.
- Developed responsive eCommerce websites using HTML, CSS, and Bootstrap to enhance user experience and accessibility.
- Integrated React and MERN stack technologies to build dynamic, high-performance web applications.
- Designed user-friendly interfaces and prototypes with Canva and Figma to align with client requirements.
- Utilized JavaScript to implement interactive features and optimize front-end functionality.
- Implemented and optimized payment gateways and shopping cart functionalities to streamline online transactions.
